

# ACHIEVEMENT Descriptors

1.

Demonstrates a **basic** understanding and application of the skills and concepts associated with the subject.

"I am forming an understanding. I am still learning more about my project, task, assignment and how to be successful on tests".

2.

Demonstrates an **emerging** understanding and application of the skills and concepts associated with the subject.

"I am beginning to understand more about my project, task, assignment and how to be successful on tests. I need to put more effort into completing my work to the standard that is expected of me."

3.

Demonstrates a **developing** understanding and application of the skills and concepts associated with the subject.

"I understand some of the aspects of my project, assignment, task or what to do on a test. I have completed my work with some errors in design and presentation. I did some of what was expected of me."

4.

Demonstrates an **age-expected** understanding and application of the skills and concepts associated with the subject.

"I understand my project, assignment, task or what to do on a test. I have completed my work to a good standard. I did what was expected of me."

5.

Demonstrates a **secure** understanding and application of the skills and concepts associated with the subject.

"I fully understand my project, assignment, task or what to do on a test. I have completed my work to a high standard but have not made additional extensions to my learning and understanding."

6.

Demonstrates a **greater depth** of understanding and application of the skills and concepts associated with the subject

"I completely understand my project, assignment, task or what to do on a test **and** I can make real world connections about the topic to myself, my community and the world. I did more than what is expected of me."
